PRESIDENTS MESSAGE:

It's that time of year again where I'd like to encourage anyone that has been thinking about it to come on the committee. We love having the help and there is always plenty to do!

On that note, thank you to everyone that came and helped out up at Glenrose. It was a fantastic show, with plenty of colour and huge member sales and despite the Covid restrictions, we managed well.

As the weather starts to get warmer start watering more frequently and remember to fertilise.

I look forward to seeing you all again soon,
Dylan.

SALES TABLE will be open for business as usual.

LIBRARY will be open for business as usual.

AUCTION 15TH NOVEMBER.

Specimen plant of the evening *Dendrochilum rhombophorum*
Grown by A. Sulfaro

Hybrid plant of the evening *Dendrobium*

Class 'Pauline'

Grown by A. Sulfaro

A stunning native hybrid with a very eye catching colour contrast between the white and purple.

Species plant of the evening *Dendrochilum convalariaeforme*

Grown by A. Sulfaro

Novice plant of the evening *Laelia harpophylla*

Grown by M. Asbury

What a colour! The vibrant orange really stood out in the display at the Glenrose show too. This small Brazilian species grows in warm, high light conditions and can be tricky to grow. Mark has done a great job.
