#### President's Report:

The last two months have been extremely busy with shows etc but now things are starting to to taper off thankfully. we had a great benching last month again and had a division and potting demonstration of a huge unwieldy Coelogyne. This month is our AGM. We are always looking for people to come on committee, so I would urge you to seriously consider making a contribution by joining. Usually the AGM is a fairly low key affair with no guest speaker but there will be a plant discussion where plants will be selected and their owners asked to elaborate on culture etc. On a sad note, I learned today that former president and stalwart of MWOS, Ralph Payne passed away. He had not been well over the last few years and our thoughts and condolences go out to his wife JoAnn and family. See you at the AGM.

**SUPPER ROSTER** Thank you to last month's volunteers and helpers for your contribution and thank you to those who contributed to the supper table. This month there is only one volunteer on the list, **Mel James.** Volunteers are also needed for October, November, December.

# Members will need to bring their own cups/mugs as we will no longer supply disposable foam cups.

#### MEMBERSHIP FEES.

Annual membership fees were due in July. Family membership is \$18 and single is \$15. Your prompt payment would be appreciated. You may pay at the meeting, by cheque or by direct debit to the Society's account but **please leave your name as a reference**. BSB 062 155 Account No. 00906498. Members who have recently joined the society in the last four months need not pay till next year. Postage is still \$10 extra for those who use this service. The response to annual membership fees has been a little on the light side. If you are not sure if you have paid please see Tinka at the meeting.

#### **DIARY DATES FOR 2023**

28th September AGM and Member's Meeting

26th October Member's Meeting

12th November Auction

23rd November Member's Meeting

3<sup>rd</sup> December Christmas Party

14th December Member's Meeting

#### VALE TOM PRICE

Tom passed away at the beginning of September aged 90. He was a well known grower and orchid judge. Tom with his wife Edith grew many exceptional cymbidiums and cattleyas and had many awarded plants over the years. We have lost another legendary grower.

#### VALE RALPH PAYNE.

Ralph passed away on 17<sup>th</sup> September 2023. Ralph joined the Society in 1998 or 1999. He became Secretary in January 2000 and in October became Secretary/Treasurer after our long standing Treasurer, Joan Cook, had a stroke and then passed away. As an account he introduced computerised bookkeeping. He then filled the position as President from 2002 – 2007. He remained on committee as Vice President and ordinary Committee member till 2012. He was also Treasurer for Orchid Society of NSW. JoAnn, his wife, was our Treasurer for several years as well. Our thoughts and condolences go out to JoAnn and family at this sad time.

AUCTION. Growers are requested to return their sheets on 2<sup>nd</sup> October by 3pm. Any members wishing to participate can contact Tinka for a Grower's Sheet.

As I have alluded in the President's Report, things have been a bit crazy lately, which of course means that the orchids have been rather neglected apart from watering, in no small part thanks to my dear wife Jill (the watering, not the neglect). I was also away for six days in Queensland on secret men's business (SMB) with Bill Dobson, Guy Cantor and Paul McDonough. To make matters worse we are in the middle of a very hot period for this time of year. On top of that, while I was away, my neighbour had the trees that were heavily shading my plants removed. Great news, right? Well, yes, except with this bout of hot weather, I was scrambling on the weekend to throw some extra shade cloth on to prevent burning. Careful what you wish for.

Could you imagine what things would have been like if those trees had been removed in January when I'm normally away? Anyway, I know that I'm going to have a much better flowering season coming up.

It's always exciting when a plant flowers for the first time, especially if it has been in one's possession for a long time. I have just flowered a Vanda species (foetida) that I acquired in a tube a few years back. Very satisfying as long as it's true to label. This is a classic case of delayed gratification. At the other end of the spectrum, I have a flask of Sarcochilus roseus (courtesy of Guy) and two plants in there are flowering! Instant gratification. Of course, right now everyone should be trying to get through their repotting. For most plants this is the ideal time. However, it is easy to not allow the time for this job when one is busy. At the moment I haven't done much at all and time is running out. There are plenty of plants spilling over the side of the pot that require urgent attention. Of course this is on top of all the other things that need doing. Happy growing.

A bark order will be placed if we get enough orders. Please see Tinka at the meeting.
